

Parts Information Bulletin 14
MDC and MMDC Warranty Return Procedures
September 13, 2000

Effective immediately, the warranty return procedure for MDCs and MMDCs will require the use of the decal shown below. The decal needs to be filled out with dealer number, claim number, hull number, engine hours, date replaced, and a detailed description of the exact nature of the failure. No warranty will be paid on MDCs or MMDCs that are returned without this label. Included with this bulletin mailing is a sheet with the decals and a CD with an electronic copy of this bulletin as well as the file with the warranty return label. Toyota Marine Sports will send out additional return decals upon request, however should a part need to be returned immediately, dealers will have the ability to print out new decals. The decal paper used is Avery 3 1/3" x 4" standard white shipping decals, model number 5264.
